CLEMENT B. TANGIE

CYBERSECURITY PROFESSIONAL | GRC | RMF | VULNERABILITY MANAGEMENT

Silver Spring, MD | bojaclement@yahoo.com | linkedin.com/in/tangieclement

PROFESSIONAL SUMMARY

Recent cybersecurity graduate and experienced security professional with more than 20 years in security operations. Graduate-level preparation in Risk Management Framework implementation, FISMA compliance, governance, risk and compliance, vulnerability assessment, and penetration testing. Skilled in access control, incident response, security documentation, stakeholder training, risk analysis, and protection of sensitive information. Holds ISC2 CGRC, CompTIA Security+, Certified ScrumMaster, and RHIT credentials.

CORE COMPETENCIES

RMF / FISMA / NIST SP 800-53	Risk & Vulnerability Assessments	Incident Response & Reporting
GRC & Compliance Auditing	Nessus, Nmap, Wireshark	Access Control & Physical Security
Metasploit & Burp Suite	Security Policies & Procedures	Health Information Privacy
Network & Endpoint Hardening	Threat Analysis & Monitoring	Scrum & Team Facilitation

ACADEMIC CYBERSECURITY PROJECTS

Risk Management Framework (RMF) Implementation - Project Lead

FISMA Compliance, University of Maryland Global Campus | Jul 2023 - Oct 2023

- Led a team of five to conduct risk assessments and develop security plans for a simulated enterprise environment.
- Implemented Prepare, Categorize, Select, Implement, Assess, Authorize, and Monitor activities.
- **Achievement:** Identified and mitigated 95% of potential security threats while supporting NIST compliance.

Governance, Risk and Compliance - GRC Analyst

Regulations and Standards, University of Maryland Global Campus | May 2023 - Jul 2023

- Developed and implemented a GRC program for a mock organization.
- Conducted compliance audits and risk assessments and created policies and procedures for risk mitigation.
- **Achievement:** Achieved a 100% compliance rate in simulated audits.

Penetration Testing and Vulnerability Assessment - Ethical Hacker

Information System Defense, University of Maryland Global Campus | Jan 2023 - Feb 2023

- Performed penetration testing on a simulated network using Metasploit, Nmap, and Wireshark.
- Prepared findings reports and recommended remediation strategies.
- **Achievement:** Identified critical vulnerabilities, contributing to a 30% improvement in network security.

PROFESSIONAL EXPERIENCE

Security Technician | Allied Universal Services

Feb 2018 - Present

- Conduct patrols and inspections to identify security vulnerabilities, safety hazards, and equipment issues.
- Manage CCTV, access-card, and biometric controls; enforce policies and provide security awareness guidance.
- Respond to emergencies, coordinate with responders, conduct preliminary investigations, and document corrective actions.
- Contributed to a 30% reduction in unauthorized access.

Security Officer / Receptionist | Admiral Security

Dec 2003 - Feb 2018

- Managed visitor access, identity validation, communications, daily records, and facility coordination.
- Protected facilities through CCTV, access control, biometrics, anti-tailgating practices, and policy enforcement.
- Provided security procedure and social-engineering awareness guidance.

EDUCATION & CERTIFICATIONS

Education	Certifications
M.S., Cybersecurity Technology University of Maryland Global Campus, 2023 B.S., Computer Networks and Cybersecurity University of Maryland Global Campus, 2021 A.A.S., Health Information Management Montgomery College, 2017	ISC2 CGRC (formerly CAP) - Active since 2018 CompTIA Security+ - Active since 2018 Certified ScrumMaster (CSM) - Active since 2021 Registered Health Information Technician (RHIT) - Active since 2017
